## **MANAGEMENT CHANGES**

In the ongoing effort to continually improve operations and optimize plant processes to support the Company's primary focuses, which are; automation, information technology and metallurgy, the Company has appointed Ramon Mendoza to the role of interim Vice President of Operations, in addition to his obligations as Vice President of Technical Services, following the departure of Dustin VanDoorselaere who has held the position of Chief Operating Officer since February 2017.

Mr. Mendoza is a senior mining professional with 29 years of experience with a robust background in the technical aspects of mining and a successful track record in managing underground and open-pit operations. Since joining First Majestic in 2014, Mr. Mendoza has been the primary Qualified Person for the Company and has been overseeing all special projects, mine planning and technical reporting for Reserve and Resource estimations. Prior to First Majestic, Mr. Mendoza was employed by AMEC as Principal Mining Engineer leading the development of numerous front-end studies, operational reviews and specialized services applying advanced optimization techniques for underground and open-pit mining projects. Prior to AMEC, Mr. Mendoza held various operational positions in Mexico at Grupo Minero del Bravo, ORICA, MICARE, and Minera Frisco in Sonora. Mr. Mendoza is a Professional Engineer registered in British Columbia and holds a bachelors degree in Mining and Metallurgy from the National University of Mexico and a M.Sc. degree in Mining and Earth Systems Engineering from the Colorado School of Mines.

In addition, Jose Hernandez has been promoted to Vice President of Innovation, Processing & Metallurgy and will be responsible for the performance of all plant processing, smelting and refining operations. He will focus his efforts on identifying, developing and implementing new strategies, business opportunities and technologies intended to improved efficiencies. Since joining First Majestic in 2016, Mr. Hernandez has been responsible for all metallurgical matters and has played an integral role in advancing the use of high-intensity grinding mills and microbubble technologies. Prior to First Majestic, he held roles in the area of metallurgy at Goldcorp and Teck Resources. He graduated from the National Autonomous University of Mexico with a bachelor's degree in Chemical Engineering and a M.Eng. and PhD from McGill University.

The Company would like to thank Dustin VanDoorselaere for his contributions over the past two years and wishes him the best on his future endeavours.

### **SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS**

This news release includes certain “Forward-Looking Statements” of “forward looking information” within the meaning of the United States Private Securities Litigation Reform Act of 1995 and applicable Canadian securities laws, respectively. When used in this news release, the words “anticipate”, “believe”, “estimate”, “expect”, “target”, “plan”, “forecast”, “may”, “schedule” and similar words or expressions, identify forward-looking statements or information. These forward-looking statements or information relate to, among other things the adoption and purchase of shares under the Company’s normal course issuer bid.

These statements reflect the Company’s current views with respect to future events and are necessarily based upon a number of assumptions and estimates that, while considered reasonable by the Company, are inherently subject to significant business, economic, competitive, political and social uncertainties and contingencies. Many factors, both known and unknown, could cause actual results, performance or achievements to be materially different from the results, performance or achievements that are or may be expressed or implied by such forward-looking statements or information and the Company has made assumptions and estimates based on or related to many of these factors. Such factors include, without limitation: fluctuations in the market price of the Company’s shares; fluctuations in the currency markets (such as the Canadian dollar and Mexican peso versus the U.S. dollar); and the Company’s cash flow and availability of alternate sources of capital; and the factors identified under the caption “Risk Factors” in the Company’s Annual Information Form, under the caption “Risks Relating to First Majestic’s Business”.

Investors are cautioned against attributing undue certainty to forward-looking statements or information. Although the Company has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be anticipated, estimated or intended. The Company does not intend, and does not assume any obligation, to update these forward-looking statements or information to reflect changes in assumptions or changes in circumstances or any other events affecting such statements or information, other than as required by applicable law.
